*A disconnect and connect permit cannot be issued at the same time	
Permit Total:	
How will you be connecting to sewer or water main? <input type="checkbox"/> Existing service stub <input type="checkbox"/> New connection to existing main	
<input type="checkbox"/> I have attached illustration and measurements to this form.	
The undersigned hereby agrees (if applicable) to connect/disconnect the water line as directed by the Minnesota Plumbing Code as adopted by the Minnesota State Board of Health, 1994 and in accordance with all City ordinances governing the installation/disconnection of water lines. <u><i>I hereby acknowledge that I must notify Public Works at 952-653-3676 at least 48 hours in advance of tapping the main and when the pipe is installed or disconnected and ready for inspection. This permit will not be issued until an appointment is scheduled for disconnection.</i></u> If disconnecting, I understand that I must disconnect at the curb stop and cap the sewer outside of the excavation area. I agree to not cover any work until such is inspection is made and the work is approved.
